Hello David,

I enjoyed the MS4 panel at CASQA very much. As the plebe who is going to write the next reissued Phase 1 permit in the North Coast region, I eagerly anticipate all of that training Tom Mumley is going to arrange for me.

In the meantime, I would love an electronic copy of the May 17, 2018, *Evolution of Stormwater Permitting and Program Implementation Approaches—Workshop Report and Recommendations for Program Improvement*.

Thanks! Say hello to Paul Amato for me.

-Brendan
